The Anatomy of PEACE By The Arbinger Institute

Arbinger 's materials educate people about the problem of self-deception, and Arbinger 's methodologies help people to overcome it. In the words of an early reviewer of The Anatomy of Peace, "Arbinger helps people to see in a different way - to see problems differently, conflicts differently, challenges differently, opportunities differently, each other differently." To which another added, "I know of no tool or way of thinking that contributes so masterfully to real, lasting peace - in families, organizations, communities, and nations."

Editorial Review

From AudioFile
When Lou Herbert enrolls his son in a program to treat drug addiction, it's Lou who gets a lesson in human behavior. The Arbinger Institute's goal is to spread its message--that self-deception is the root of conflict at all levels--through fiction. Oliver Wyman creates characters well, while giving the parable a broad reading that makes its points obvious. Listeners who are curious about the Institute's efforts to promote peace will be interested and engaged, although covering "all aspects of life" within a group discussion setting makes for less believable discourse. Even so, listeners could pick up a few pointers about human nature and how conflict grows and spreads, whether between people or between nations. J.A.S. © AudioFile 2008, Portland, Maine

About the Author
Arbinger is composed of people who have been trained in business, law, economics, philosophy, the family, education, coaching, and psychology. They come from diverse cultural backgrounds and from all religious and nonreligious traditions and belief systems. What they share is a deep understanding and passion for the ideas underlying Arbinger's work—a compelling model of human understanding that offers people a common language with which to talk about and settle their differences, whatever their cultures, races, classes, religions, and beliefs

Review
"Profound in depth yet simple in message -- an astounding work of immense impact, both personally and professionally. This is the next major lever in terms of how organizations improve performance." --Nick Jessett, program manager, Rolls-Royce

"A powerful work that has a profound impact on all things personal and professional. It illustrates that the path to peace and to the resolution of our most troubling conflicts requires not only different actions but a different way of being. Even better, it shows you how to get there. It is a book I will share widely and return to again and again." --Laura Whitworth, cofounder, the Bigger Game Company and the Coaches Training Institute

"*The Anatomy of Peace* is one of those rare works that somehow finds its way into the heart. Before you know it you will be emotionally invested in the same process as the characters in this story. Be prepared to be at once challenged, moved, and called forth to become the person you know you should be." --Mike Bundrant, publisher, *Healthy Times Magazine*

"A stunning work of wisdom and insight . . . Everyone, from neighbors to the heads of nations, ought to read and live the teachings of this book." --Kent Murdock, president and CEO, O. C. Tanner

"Oliver Wyman creates characters well, while giving the parable a broad reading that makes its points obvious. Listeners who are curious about the Institute's efforts to promote peace will be interested and engaged." --*AudioFile*

From reader reviews:

Roderick Donnell:

In this 21st one hundred year, people become competitive in each and every way. By being competitive today, people have do something to make these individuals survives, being in the middle of the actual crowded place and notice through surrounding. One thing that oftentimes many people have underestimated this for a while is reading. Yes, by reading a book your ability to survive increase then having chance to remain than other is high. For you who want to start reading the book, we give you this kind of The Anatomy of PEACE book as starter and daily reading reserve. Why, because this book is more than just a book.

Sarah Ford:

Nowadays reading books are more than want or need but also turn into a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge your information inside the book in which improve your knowledge and information. The data you get based on what kind of guide you read, if you want have more knowledge just go with schooling books but if you want feel happy read one using theme for entertaining like comic or novel. The The Anatomy of PEACE is kind of guide which is giving the reader unpredictable experience.

Sharon Bufkin:

Reading a e-book can be one of a lot of action that everyone in the world loves. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a publication will give you a lot of new information. When you read a publication you will get new information since book is one of numerous ways to share the information or maybe their idea. Second, reading a book will make anyone more imaginative. When you reading a book especially fictional works book the author will bring that you imagine the story how the personas do it anything. Third, it is possible to share your knowledge to others. When you read this The Anatomy of PEACE, you could tells your family, friends and also soon about yours book. Your knowledge can inspire the others, make them reading a reserve.

Mary Ruch:

A lot of people always spent their own free time to vacation or even go to the outside with them family or their friend. Do you realize? Many a lot of people spent these people free time just watching TV, or even playing video games all day long. In order to try to find a new activity that's look different you can read a book. It is really fun for yourself. If you enjoy the book that you simply read you can spent the whole day to reading a e-book. The book The Anatomy of PEACE it is rather good to read. There are a lot of individuals who recommended this book. These people were enjoying reading this book. If you did not have enough space to bring this book you can buy typically the e-book. You can m0ore simply to read this book from a smart phone. The price is not too expensive but this book has high quality.
