Grimorium Verum By Joseph H. Peterson

Grimorium Verum is one of the most notorious handbooks of black magic -- one of the few that deals openly with spirits of darkness. People have long sought the aid of non-physical beings; the biblical king Solomon in particular had a reputation since ancient times for commanding demons. There are many texts purporting to reveal Solomon's methods, but most are extremely complicated and difficult. Grimorium Verum is one of the easier texts, but also one of the most sinister. It includes a catalog of specific demons and how to draw on their powers. This new critical edition includes a fresh translation based on all the major sources, complete French and Italian texts, and 5 other appendices.
