Lombricompost (Les cahiers de l'expert Rustica) (French Edition) By Vincent Desbois

Le lombricompostage est une méthode de compostage qui repose sur le travail de vers de terre spécialisés dans la décomposition de la matière organique. Il permet de transformer les déchets ménagers et de jardinage en un riche amendement pour les plantes. Exigeant peu de place, il peut aussi bien se pratiquer à l'extérieur que dans un appartement.

L'auteur vous explique en détail, notamment grâce à des dessins en pas à pas, comment choisir vos vers, fabriquer, acheter et bien utiliser votre lombricomposteur, récolter et utiliser le percolat et le lombricompost... Enfin, il vous donne toutes les solutions pour résoudre les différents problèmes qui peuvent se présenter (mauvaises odeurs, animaux indésirables...).
