The Art of Stalking Parallel Perception: Revised 10th Anniversary Edition: The Living Tapestry of Lujan Matus By Lujan Matus

The Art of Stalking Parallel Perception is a new kind of autobiography - an interdimensional odyssey that weaves its magical threads through one's own existence in a way that has to be experienced to be believed. In this revised edition, Lujan clarifies and expands upon key elements of his teachings. Readers familiar with the original will be surprised at the awakenings that unfold via powerful additions woven throughout the text. Some chapters have been removed, others expanded upon, and exciting new material has come to light. Traversing these pages, we accompany Lujan Matus during pivotal journeys on his path to becoming a shaman. With compelling visual imagery and in-depth explanations, he and his benefactors impart an empowering sequence of transmissions that offer unprecedented insight into the intricacies of human existence. In sharing his experiences, Lujan opens the door to a universe of mythical proportions and bestows vital keys to access these dimensional possibilities in one's own life. The Art of Stalking Parallel Perception magnifies the essence of the ancient wisdom traditions in a functional, non-dogmatic format that speaks directly to the heart. One may recognize strands of Tibetan Dzogchen and Taoism, and aficionados of Toltec wisdom will discern the unmistakably potent voice of Don Juan Matus and discover the mysterious guiding influence of the ancient seer, Xoxonapo. With direct language, Lujan conveys an otherworldly grasp of human nature, not to mention coherent accounts of interdimensional travel, a precise description of the enigmatic manifestation of the energy double, insights into the non-linear nature of time and the elucidation of hieroglyphs that are maps to completely open one's perception, this is a bridge to new thresholds unlike any other.
