New ADHD Medication Rules: Brain Science & Common Sense By Charles Parker

Medical treatment for ADHD fails much too often - not because of the drugs themselves, but how they are given. *New ADHD Medication Rules - Brain Science & Common Sense* shows that patients can react very differently to ADHD prescriptions, resulting in missed diagnoses, imbalanced treatment and over or under medication. In the only audiobook of its kind, Dr. Charles Parker clearly explains how this happens and how improved communication with professionals can dramatically improve treatment using available methods assembled from clinical experience and laboratory research.
