The Puerto Rican Movement: Voices from the Diaspora (Puerto Rican Studies) By Andres Torres

Little attention has been paid to the Latino movements of 1960's and 1970's in the literature of social movements. This book looks at the organizations of the Puerto Rican movement, which emerged in the late 1960's and 1970's as a response to US colonialism on the island and to the poverty and discrimination faced by Puerto Ricans on the mainland.

Editorial Review

Review

"This is a comprehensive treatment of one of the most important social movements dealing with the issues of colonialism and social justice. I strongly recommend this book to everyone interested in the movements for social change." -Arthur Kinoy, Distinguished Professor of Law Emeritus, Rutgers University School of Law, and Co-President, Center for Constitutional Rights "At last we have a collection of writings that does justice to the Puerto Rican Left movements that emerged in the late 1960s. In the 1990s the inequality and marginalization that have been part of the Puerto Rican reality increasingly affects the larger American society. All readers-Boricuas and non-Boricuas-will learn from the experiences described in these pages." -Frank Bonilla, Thomas Hunter Professor of Sociology, City University of New York "...the essay by Carmen Teresa Whalen on the Young Lords in Philadelphia provides the rich insight into characteristic aspects of this community that only a historian can advance by using interviews of social actors and examining the record, thus opening new vistas of the Philadelphia experience." -The Journal of American History

From the Publisher

A long-awaited collection documents a missing chapter in the history of U.S. radicalism

Outstanding Books Award, Gustavus Myers Center for the Study of Bigotry and Human Rights in North America

From the Back Cover

Little attention has been paid to the Latino movements of the 1960s and 1970s in the literature of social movements. This volume is the first significant look at the organizations that emerged in the late 1960s to promote Puerto Rican independence and the radical transformation of U.S. society.

The Puerto Rican movement was a response to U.S. colonialism on the island and to the poverty and discrimination faced by most Puerto Ricans on the mainland. This anthology looks at the organizations that emerged to combat these two problems in such places as Boston, Chicago, Hartford, New York, and Philadelphia. Almost all the contributors worked with the organizations they describe. Interviews with such key figures as Elizam Escobar, Piri Thomas, and Luis Fuentes, as well as accounts by people active in the gay/lesbian, African American, and white Left movements, create a vivid picture of why and how people became radicalized and how their ideals intersected with their group's own dynamics.

Users Review

From reader reviews:

Bennett Fox:

What do you concerning book? It is not important with you? Or just adding material if you want something to explain what yours problem? How about your free time? Or are you busy person?
