**Abducted: Escape From Kraile (Abducted Series Book 1)** By J. R. Cleveland

After discovering two aliens trying to milk a cow in his Grandfather's barn, thirteen year old Luke Summers is abducted. Scared out of his wits, he soon realizes that the aliens, Simon and Leonidas, don't mean him any harm... huge relief.

Instead, after injecting Luke with nano-translators so he can understand them, they tell him that his parents, both astronauts who were pronounced dead during a failed mission to Mars, are still alive... and they need his help to rescue them from an evil spider-alien dictator named Drac Moor.

There's just one itsy bitsy catch. Luke will first need to be "reconditioned" so that he can withstand the harsh alien atmospheres that he'll be subjected to. Oh... and it's probably going to hurt a little.

Follow along as Luke stumbles through one disaster after another, in an attempt to pull off a daring prison break and free his parents before it's too late.
