## Communism: The Great Misunderstanding By Gennady Ermak

The book demonstrates that, in contemporary society, communism is confused with “bureaucratic collectivism”. On the other hand, what some intellectuals now call “treconomics” or “postcapitalism” is actually communism. For centuries, this social, political and economic force has been terribly misunderstood by “communists” and “anti-communists” alike. This book effectively analyzes why communism has been so misunderstood, where we are now, and where the world will go from here. In these pages, you’ll find a vivid description of the philosophy and history of communism, along with a thorough analysis of the nature of Marxist views, the failure of self-proclaimed “communist” governments and the quiet success of Western socialist nations. This important volume demonstrates that communism cannot be installed by virtue of our wishes, but can only arise as the result of economic advancements.

## **Editorial Review**

### **Review**

"It is not only the best description of communism I have ever read, but the only one I have ever read that makes sense – eminent sense, at every turn." (Nomination for TED by Nicholas Carroll, best-selling author)

### **Review**

"Impressively well written and argued, "Communism: The Great Misunderstanding" is an interestingly informed and informative study that is as thoughtful as it is thought-provoking. A valued and exceptionally well organized and presented contribution to our national dialogue..." (Midwest Book Review)

### **About the Author**

Gennady Ermak was born and raised in the former Soviet Union. He is the acclaimed author of 45 scholarly articles and the book "Emerging Medical Technologies". For many years, he conducted research at the University of Southern California. Upon realizing the extent to which the idea of communism is misunderstood in contemporary society, he stopped his research career in order to write his groundbreaking book addressing this misunderstanding. He currently resides in Los Angeles, California.
