Editorial Review

Review

A totally comprehensive and practical treatment of a common and very serious behavior problem,. Jean Donaldson translates complex animal learning theory into usable procedures without sacrificing scientific accuracy. Anyone who works with dogs will benefit from reading Mine --Suzanna Hetts, PhD, author of Pet Behavior Protocols

Once I started reading it, it quickly became apparent that this book should be mandatory reading material for virtually every dog owner. Brenda s description of the canine language and the contexts in which they occur is very well documented. --Ali Brown, author of Scaredy Dog! Understanding & Rehabilitating Your Reactive Dog
