Editorial Review

"This continues to be the gold standard because of its detailed explanations of images and the rationales for the modality. The online features augment the learning experience. This will remain a core book in our training curriculum." -Anthony Shanks, MD (Indiana University School of Medicine) **Doody's Score: 99 - 5 Stars!**

Users Review
From reader reviews:

Ruth Davis: Information is provisions for people to get better life, information nowadays can get by anyone in everywhere. The information can be a expertise or any news even a problem. What people must be consider whenever those information which is inside former life are challenging be find than now could be taking seriously which one is appropriate to believe or which one often the resource are convinced. If you find the unstable resource then you have it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Callen's Ultrasonography in Obstetrics and Gynecology as your daily resource information.
