# Statistics with Confidence: An Introduction for Psychologists (SAGE Foundations of Psychology series)

By Michael Smithson

Statistics with Confidence: An Introduction for Psychologists (SAGE Foundations of Psychology series) By Michael Smithson

This textbook offers an accessible and comprehensive introduction to statistics for all undergraduate psychology students, but particularly those in their second and third years who have already covered an initial introductory course. It covers all of the key areas in quantitative methods including sampling, significance tests, regression, and multivariate techniques and incorporates a range of exercises and problems at the end of each chapter for the student to follow.

The **free CD-ROM** with tutorial modules complements and enhances the exercises in the text, offers scope for distance learning, and makes both the traditional and non-traditional approaches much more accessible.

Key points of the book a
