Editorial Review

From the Publisher

Your child needs a solid foundation in science learning. *The Complete Book of Science* is an essential building block for that foundation! Using appealing, full-color illustrations and hands-on activities, it takes students step by step through lessons and activities which help them develop important science concepts and processes. Designed by leading experts in elementary science education, this hands-on guide will help your child become actively involved with the processes of science. Through activities which challenge and motivate young learners, your child will learn the essential scientific skills of observation, prediction, experimentation and drawing conclusions. *The Complete Book of Science includes exciting science activities and investigations with:*

plants and animals

dinosaurs

Earth and the environment

the solar system

weather

magnets and simple machines

the human body, health and nutrition

And that's not all *The Complete Book of Science* offers! You'll also find these innovative features:

Hands-on Science Activities.

Easy-to-Understand Instructions and examples to guide the learner.

An Answer Key that provides sample solutions and concrete examples which support and encourage independent learning.

Appealing, Full-color Illustrations.

Perforated Pages for easy removal.

Science processes, understandings and skills are critical to your child's academic success. And with *The Complete Book of Science*, your child will be well on the way!

Users Review

From reader reviews:

Joseph Asher:

Your reading sixth sense will not betray you actually, why because this The Complete Book of Science, Grades 3-4 guide written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your hunger then you still question The Complete Book of Science, Grades 3-4 as good book not just by the cover but also from the content. This is one e-book that can break don't judge book by its handle, so do you still needing a different sixth sense to pick this specific!? Oh come on your reading sixth sense already told you so why you have to listening to one more sixth sense.

Priscilla McNeil:
